

### EDGE® PAVEMENT REMOVAL BUCKET

The EDGE pavement removal bucket is perfect for lifting, picking up and carrying concrete slabs from sidewalks, driveways or any construction site.

### OPERATIONAL BASICS

The EDGE pavement removal buckets feature a “ribbed” bottom designed to prevent denting and wear on the bucket. Replaceable pin-on tooth points are constructed of high strength T-1 steel and are held in place with rubberized flex pins. Available in various widths from 18” (457 mm) to 24” (609 mm).

### FEATURES

- Designed for the removal, handling and loading of pavement slabs and cement
- Feature a “ribbed” bottom designed to prevent denting and wear on the bucket
- Replaceable pin-on tooth points held in place with rubberized flex pins
- Available in various widths from 18” (457 mm) to 24” (609 mm)
