

BUCKETS - TILTING

EDGE® TILTING BUCKETS

The EDGE tilting bucket for the compact excavator will enhance your machine's grading capabilities, ditch cleaning and sloping applications.

OPERATIONAL BASICS

The EDGE tilting bucket features hydraulic tilting 45 degrees in either direction to increase productivity and eliminates the need for a separate tilting attachment. Tilting buckets are available in various sizes from 39" (990 mm) to 60" (1524 mm) widths to fit many compact excavators.

FEATURES

- Enhances grading capability of compact excavators
- Hydraulic tilting up to 45 degrees in either direction
- Eliminates the need for separate tilting attachment
- Available in various sizes from 39" (990 mm) to 60" (1524 mm) widths
