

HIGH DUMP BUCKETS

EDGE® HIGH DUMP BUCKETS

Specialty EDGE buckets attach easily and allow your compact loaders to take advantage of its power and mobility for a very particular job. The EDGE high dump bucket is ideal for loading feed mixers and trucks.

OPERATIONAL BASICS

The EDGE high dump buckets feature two (2) heavy-duty hydraulic cylinders that pivot the bucket for dumping, increasing your vertical lift by approximately 44" (118 mm) and horizontal reach by approximately 13" (330 mm). A see-through spill guard allows greater visibility and an optional bolt-on cutting edge is available. This bucket is recommended for loaders with operating capacities greater than 1,800 pounds. They come complete with hoses and flat face couplers.

Optional bolt-on cutting edge

SPECIFICATIONS

Model	Weight (lbs/kg)	Overall Width (in/mm)	Heaped Cap. (ft ³ /m ³)	Depth (in/mm)	Height (in/mm)	Pivot (degrees)
HDB72	1010/458.1	73.5/1867	32.9/93	47.3/1201	29.8/757	86
HDB84	1100/499.0	85.5/2172	38.4/1.09	47.3/1201	29.8/757	86
HDB96	1180/535.2	97.5/2477	43.9/1.24	47.3/1201	29.8/757	86

FEATURES

- Ideal for loading feed mixers and trucks
- Increases lift vertically and horizontally
- Windows in bucket for greater visibility
- 3/4"x6" edge with holes to accept optional bolt-on edge
