

EDGE® CONCRETE PLACING BUCKET

The EDGE concrete placing bucket allows your compact loader to complete big concrete projects in small areas. This attachment is designed to accurately, quickly and neatly carry and place concrete in tight areas or locations that cannot support a cement truck.

OPERATIONAL BASICS

The EDGE concrete placing bucket is ideal for pouring backyard patios, footings or for pouring into formed columns or walls. The EDGE concrete placing bucket is available in 1/2 and 3/4 cubic yard capacities. Standard features include a hydraulic gate control and 30" (762 mm) chute extension. This attachment comes complete with hoses and couplers.

SPECIFICATIONS

Model	Weight (lbs/kg)	Cap. (ft ³ /m ³)	Height (in/mm)	Width (in/mm)	Carrier Cap. (lb/kg)	Chute Length (in/mm)
CPB4	450/204.1	13.5/0.38	28/711	58/1473	1200/544	30/762
CPB6	500/226.8	20.25/0.57	30/762	58/1473	1700/771	30/762

FEATURES
