

EDGE® DIRT/CONSTRUCTION BUCKETS

EDGE dirt/construction buckets are offered as standard/extended or heavy duty (both with or without flush mounted teeth) and as standard, high, or low heel. All of these buckets feature .75" (19 mm) cutting edge thickness and 34.6" (879 mm) bucket depth. Excellent cutting edge visibility and high breakout force are the trademarks of these buckets.

Standard Duty

Heavy-Duty

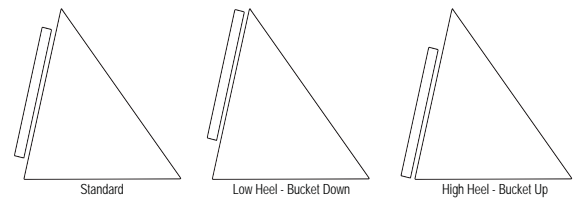

Heavy-Duty w/Teeth
